

Please provide the following details on the origin of this report.

| | |
|--|--|
| Contracting Party: | République Démocratique du Congo |
| <i>National Focal Point</i> | |
| Full name of the institution: | RESEAU DE TAXONOMISTES DE R.D. CONGO et d'AFRIQUE CENTRALE, - congonet. |
| Name and title of contact officer: | Henri Mbale Kunzi – coordonnateur - |
| Mailing address: | Boite Postale 108, Kinshasa République Démocratique du Congo |
| Telephone: | 00243815093906 |
| Fax: | |
| E-mail: | mbalehenri@yahoo.fr congonetloop@yahoo.fr |
| <i>Contact officer for this report (if different)</i> | |
| Name and title of contact officer: | |
| Mailing address: | |
| Telephone: | |
| Fax: | |
| E-mail: | |
| <i>Submission</i> | |
| Signature of officer responsible for submitting national report: | [original signed] |
| Date of submission: | 31 Aout 2004 |

Please provide summary information on the process by which this report has been prepared, including information on the types of stakeholders who have been actively involved in its preparation and on material which was used as a basis for the report.

Méthode ou procédé de travail

Groupe focus et discussion interdisciplinaire – Botanistes, Agronomes, Psychologues, Zoologistes

Matériels de base de travail

Documentation botanique, Actualité, Résolutions de colloques scientifiques –déclaration de Kirstenbosch/Cape Town.

**REPORT ON IMPLEMENTATION OF PROGRAMME OF WORK FOR THE
GLOBAL TAXONOMY INITIATIVE**

**Programme of Work for the Global Taxonomy Initiative
Annex to Decision VI/8**

Operational Objective 1. Assess taxonomic needs and capacities at national, regional and global levels for the implementation of the Convention

| | |
|---|---|
| 1. Has your country undertaken any taxonomic needs assessments and identified priorities in this regard? | |
| a) no (please specify the reasons) | |
| b) no, but assessment is under way | |
| c) yes, some needs assessments made (please provide details) | X |
| d) yes, comprehensive assessments made (please provide details) | |
| Further comments on country-based taxonomic needs assessments and identification of priorities | |
| | |
| 2. Has your country worked with other countries in the region to undertake regional taxonomic needs assessments and identify priorities in this regard? | |
| a) no (please specify the reasons) | |
| b) no, but some collaborative projects are being considered or planned | X |
| c) yes, some activities undertaken (please provide details) | |
| d) yes, many activities undertaken (please provide details) | |
| Further comments on regional taxonomic needs assessment and identification of priorities | |
| Projet Réseau des Taxonomistes de la R.D.Congo et de l'Afrique Centrale-Cameroun, RCA, ... | |
| 3. Is your country involved in any activities as part of a global taxonomic needs assessment? | |
| a) no | |
| b) yes (please provide details) | X |
| Further comments on the involvement in the activities for the global taxonomic needs assessment | |
| La R.D.Congo a pris part au séminaire organisé par SAFRINET du 03 au 10 Novembre 2002 Sur l'Inventaire des Plantes envahissantes de l'Afrique et de la RDCONGO | |

| | |
|---|---|
| 4. Is your country undertaking any activities of public education and awareness to promote the implementation of the programme of work for the GTI? | |
| a) no | |
| b) yes, some programmes developed and some activities undertaken (please provide details) | X |
| c) yes, comprehensive programmes developed and many activities undertaken (please provide details) | |
| Further comments on public education and awareness programmes and activities | |
| Projet Congonet | |

Operational objective 2. Provide focus to help build and maintain the systems and infrastructure needed to obtain, collate and curate the biological specimens that are the basis for taxonomic knowledge

| | |
|--|---|
| 5. Is your country working to strengthen global and regional capacity building to support access to and generation of taxonomic information ¹ ? | |
| a) no (please specify the reasons) | |
| b) no, but some programmes under development | X |
| c) yes, limited capacity building (please provide details) | |
| d) yes, significant capacity building (please provide details) | |
| Further comments on global and regional capacity building to support access to and generation of taxonomic information | |
| Projet Congonet -Document de travail envoyé aux Pays potentiellement concernés- | |
| 6. Is your country working with other countries to create and/or strengthen the networks for regional cooperation in taxonomy? | |
| a) no | |
| b) no, but consultation is under way | |
| c) no, but some plans and programmes are under development | |
| d) yes, some activities undertaken for this purpose (please provide details) | X |
| e) yes, comprehensive activities undertaken for this purpose (please provide details) | |
| Further comments on strengthening of existing networks for regional cooperation in taxonomy | |
| Cas de SAFRINET et de CONGONET | |

¹ Responses to question 5 are expected to focus on, but not limited to (a) human capacity building; (b) infrastructure capacity building.

Operational objective 3. Facilitate an improved and effective infrastructure/system for access to taxonomic information, with priority on ensuring that countries of origin gain access to information concerning elements of their biodiversity

| | |
|--|---|
| 7. Is your country involved in the development of a coordinated global taxonomy information system, in particular the infrastructure to access digitized data/information? | |
| a) no | X |
| b) no, but some plans are being considered | |
| c) yes, to a limited extent (please provide details) | |
| d) yes, to a significant extent (please provide details) | |
| Further comments on involvement in the development of a coordinated global taxonomy information system | |
| | |

Operational objective 4. Within the major thematic work programmes of the Convention include key taxonomic objectives to generate information needed for decision-making in conservation and sustainable use of biological diversity and its components

| | |
|---|---|
| 8. Has your country made any taxonomic studies and inventories at the national level, which provide a basic assessment of forest biological diversity, in particular in areas under current threat for habitat conversion, or of high conservation value? | |
| a) no (please provide the reasons) | |
| b) no, but some programmes are under development | |
| c) yes, some studies and inventories made (please provide details) | X |
| d) yes, comprehensive studies and inventories made (please provide details) | |
| Further comments on taxonomic studies and inventories made for a basic assessment of forest biological diversity | |
| Projet Zai 94 ,Etat de l Environnement en R.D.CONGO,Projet IRM/USAID avec UNIKIN sur le Fleuve CONGO | |
| 9. Has your country undertaken any taxonomy-related activities relating to marine and coastal biodiversity, in particular taxonomic work related to identification of ballast water organisms and monitoring health of mangrove systems through their invertebrate fauna? | |
| a) no | X |
| b) not applicable | |
| c) no, but some programmes are under development | |
| d) yes, some activities undertaken (please provide details) | |
| e) yes, many measures undertaken (please provide details) | |
| Further comments on taxonomy-related activities identified in the programme of work on marine and coastal biodiversity | |
| | |

| | |
|---|---|
| 10. Has your country developed taxonomic support for implementing relevant actions identified in the programme of work on dry and sub-humid lands biodiversity, in particular identification of key indicator taxa like lichens? | |
| a) no (please provide reasons and plans for improvement) | X |
| b) not applicable | |
| c) no, but some programmes are under development | |
| d) yes, some activities undertaken (please provide details) | |
| e) yes, many activities undertaken (please provide details) | |
| Further comments on taxonomic support for implementing the programme of work on dry and sub-humid lands biodiversity | |
| | |
| 11. Has your country developed taxonomic support for implementing relevant actions identified in the programme of work on inland waters biodiversity, in particular regional guides to freshwater fish and invertebrates as an input to ecosystem monitoring for river and lake health? | |
| a) no | |
| b) no, but some programmes are under development | X |
| c) yes, some activities undertaken (please provide details) | |
| d) yes, many activities undertaken (please provide details) | |
| Further comments on taxonomic support for the implementation of the programme of work on inland waters biodiversity | |
| Projets existants -IRM, HYDROBIOLOGIE Universités de Kinshasa et Namur | |
| 12. Has your country undertaken any taxonomy-related activities identified in the programme of work on agricultural biodiversity as well as relevant activities identified in the International Pollinator Initiative and the International Soil Biodiversity Initiative? | |
| a) no | |
| b) no, but some activities are being planned | X |
| c) yes, some activities undertaken (please provide details) | |
| d) yes, comprehensive activities undertaken (please provide details) | |
| Further comments on taxonomy-related activities for the implementation of the programme of work on agricultural biodiversity | |
| Projet Biosecurite alimentaire aux Facultés des Sciences Agronomiques /UNIKIN | |
| 13. Is your country developing any taxonomic support for the implementation of the programme of work on mountain biodiversity, in particular identification of biodiversity components unique to mountain ecosystems? | |
| a) no | X |
| b) no, but some programmes are under development | |
| c) yes, limited support (please provide details) | |
| d) yes, significant support (please provide details) | |
| Further comments on taxonomic support for the implementation of the programme of work on mountain biodiversity | |

| | |
|---|---|
| 14. Has your country developed taxonomic support for the implementation of the programme of work on protected areas? | |
| a) no | |
| b) no, but some programmes are under development | X |
| c) yes, some programmes in place and are being implemented (please provide details) | |
| d) yes, comprehensive programmes are being implemented (please provide details) | |
| Further comments on taxonomic support provided to the implementation of the programme of work on protected areas | |
| Projets en exécution dans les Parcs nationaux de la R.D.Congo par Institut Congolais pour la Conservation de la Nature-ICCN-Virunga, Kahuzi Biega, Epulu... | |

Operational objective 5. Within the work on cross-cutting issues of the Convention include key taxonomic objectives to generate information needed for decision-making in conservation and sustainable use of biological diversity and its components

| | |
|---|---|
| 15. Has your country taken any measures to strengthen capacity for the inventory and classification of biodiversity and its components in the development of a national strategy on access and benefit-sharing? | |
| a) no | |
| b) no, but some programmes are under development | |
| c) yes, some measures taken (please provide details) | X |
| d) yes, comprehensive measures taken (please provide details) | |
| Further comments on the measures to strengthen capacity for the inventory and classification of biodiversity and its components in the development of a national strategy on access and benefit-sharing | |
| Elaboration de la Monographie sur l'Etat de l'Environnement/Biodiversité / de la RDCONGO/1994 | |
| 16. Has your country developed taxonomic support to address the issues of invasive alien species? | |
| a) no | X |
| b) no, but relevant policy and programme under development | |
| c) yes, some policies and programmes in place (please provide details) | |
| d) yes, comprehensive policies and programmes in place (please provide details) | |
| Further comments on taxonomic support to address the issues of invasive alien species | |
| Pas d'Infrastructures de travail et Experts intéressés | |

| | |
|---|---|
| 17. Has your country developed taxonomic information system to support the maintenance, preservation and protection of traditional knowledge, innovations and practices of indigenous and local communities in accordance with Article 8(j) and related provisions? | |
| a) no | |
| b) not applicable | |
| c) no, but some programmes are under development | X |
| d) yes, some activities undertaken but a system is not in place yet (please provide details) | |
| e) yes, a taxonomic information system in place (please provide details) | |
| Further comments on the taxonomic information system to support the maintenance, preservation and protection of traditional knowledge, innovations and practices of indigenous and local communities | |
| Projet en cours d exécution par l Institut Congolais pour la Conservation de la Nature pour une bonne gestion des Parcs nationaux en y associant des populations indigènes et locales | |
| 18. Has your country undertaken any taxonomy-related activities that support the implementation of the ecosystem approach and the work in the field of assessments, monitoring and indicators? | |
| a) no | |
| b) no, but some programmes are under development | X |
| c) yes, some programmes in place (please provide details) | |
| d) yes, comprehensive programmes in place (please provide details) | |
| Further comments on programmes and activities to support the implementation of the ecosystem approach and the work in the field of assessments, monitoring and indicators | |
| L Approche Systémique est expérimentée par l Ecole Régionale pour l Aménagement Intégré des Forêts Tropicales-ERAIFT- en RDCONGO surtout en matière de Gestion des Produits Forestiers Non Ligneux-PFNL- | |

If your country wishes to provide additional information on implementation of this programme of work, please do so in the following space

| |
|---|
| <p>Il faudrait arriver a mettre en place une cellule de coordination chargée d inventorier , utiliser, suivre , programmer, évaluer les activités et les rencontres régulières des experts dans différents domaines de la taxonomie suivant les besoins taxonomiques généraux et spécifiques par contrée.</p> <p>A travers de partenariats scientifiques conclu ; cette cellule incitera ces experts au travail en groupes , ,,a travers des structures locales ,nationales, régionales organisées, par des séminaires périodiques de sensibilisation, de formation et par de travaux d inventaires et révisions taxonomiques sur terrain rémunères..</p> |
